Music, Dance and Drama	Staff, pupil.	Social distancing takes place where possible Background or accompanying music are kept to levels which do not encourage teachers or other performers to raise their voices unduly. Microphones are used reduce the need for shouting or prolonged periods of loud speaking or singing. Microphones are not shared. Groups are kept separate (in bubbles) through to avoid mixing. The duration of social interaction opportunities ie rehearsals or performances are limited. Numbers are limited in bubbles. Staff maintain social distancing between pupils and other staff. Playing instruments and singing in groups take place outdoors wherever possible. When playing indoors, a room is used with as much space as possible, for example, larger rooms; rooms with high ceilings are expected to enable dilution of aerosol transmission. Numbers are limited to account for ventilation of the space and the ability to social distance. Rooms have good ventilation. Singing, wind and brass playing does not take place in larger groups such as choirs and ensembles, or assemblies unless significant space, natural airflow (at least 10l/s/person for all present, including audiences) and strict social distancing.	5	2	10	Music controls in previous RA removed and updated in this section For live performances academies must follow the link below a separate RA may be needed for live shows or academies that specialise in performing arts https://www.gov.uk/guidance/working-safely-during-coronavirus-covid-19/performing-arts Schools in local restriction tier 3: very high alert areas should not host performances with an audience Schools in other local restriction tier areas planning an indoor or outdoor performance in	JBS/LAD/DBN

		<p>Pupils are positioned back-to-back or side-to-side when playing or singing (rather than face-to-face). Wind and brass players are positioned so that the air from their instrument does not blow into another player. Increased handwashing takes place before and after handling equipment. Sharing equipment is avoided wherever possible. Name labels are issued on equipment to help identify the designated user, for example, percussionists' own sticks and mallets. Where instruments and equipment have to be shared, they disinfect regularly (including any packing cases, handles, props, chairs, microphones and music stands) and always between users. The government guidance on cleaning and handling equipment is followed. When individual lessons take place for music, dance and drama, social distancing is maintained wherever possible, teachers do not provide physical correction.</p> <p>If teachers interact with pupils from multiple groups, so schools will need to take particular care, in line with the measures set out above on peripatetic teachers. If there is no viable alternative, music lessons in private homes can resume, following the same guidelines, and additionally following the government guidance for working in homes, and the guidance for out-of-school provision.</p>				<p>front of an audience should follow the latest advice in the DCMS performing arts guidance, Peripatetic teachers can move between schools, but schools should consider how to minimise the number of visitors where possible.</p> <p>Cancelled all peripatetic lessons during and after lockdown 2 as Sandwell is in tier 3</p> <p>When hiring equipment suppliers are kept to a minimum and clean equipment on arrival and before use.</p>	JBS/LAD/ DBN
Infection control	Staff, pupils, visitors, contractors, parents and external agencies.	<p>Respiratory hygiene promoted by staff and pupils using the catch it, bin it, kill it, approach. Hands are washed more often than usual; children and staff wash their hands regularly particularly before entering and leaving the classroom. Where possible tissues are provided for students and staff in each room. Students are encouraged to bring in their own tissues from home. Small children and pupils with complex needs are provided with assistant to clean hands if needed. Skin friendly wipes are also used for those who may have any skin conditions. Younger children are supervised when cleaning hands. Social distancing applied where possible.</p>	5	2	10	<p>Sanitiser containing high alcohol content should not be stored or located in high risk fire areas</p> <p>Further information on Foggers can be obtained from the guidance folder on https://oatoe.sharepoint.com/sites/Covid-19</p>	LMN – staff and students training

Increased cleaning staff - on site and an enhanced cleaning regime is in place during the school day as well as after school. Hand sanitiser stations are based throughout the academy. Academy ensures they have enough stock levels of sanitiser. Posters displaying handwashing guidelines are located throughout the school. Pupils and staff wash their hands when changing activities, changing locations, on arrival to school and when leaving school, this is reinforced during registration each morning. PPE is distributed to staff who provide intimate care for pupils and for cases where a pupil becomes unwell with Covid 19 symptoms whilst in school where 2 metres cannot be maintained. PPE provided for staff when working children or young persons who cough, spit or vomit. Lidded bins are used throughout the academy. Parents are briefed on new provision for the drop off and collection of their children. Guidance

Severity of Harm from this Hazard

- Total Estimated Risk = Severity x Likelihood
- Hazards with significance factors equal to or greater than 16 or a Severity Rating of 4 or 5 warrants the use of additional controls and an action plan that has been reviewed

Score	Severity / Consequence	Effects
1	NEGLIGIBLE	Negligible injury or health implications with no treatment or first-aid only. .
2	MINOR	No-Lost Time Injury(ies) and no chronic effects, but treatment beyond first aid may be required.
3	MODERATE	Person suffering Lost Time Injury, RIDDOR, hospital treatment or job restriction/business affected by outbreak
4	SERIOUS	Illness resulting in time off work long term/ill health
5	MAJOR	Fatality

Likelihood of Potential Exposure to this Hazard

Score	Definition
1	Little or no chance of occurrence; would require an extraordinary combination of factors for the situation to result.
2	Not likely to occur in normal circumstances
3	Possible when additional factors are present but otherwise unlikely to occur.
4	Such an event is known to have occurred and is likely to re occur.
5	Almost inevitable that an incident would result / occurs frequently
